

Environmental Sustainability Policy

SteYning Festival recognises its activities may have a negative effect on its surroundings and is committed to having as little impact on the environment as possible.

We will:

- Comply with all relevant environmental legislation, regulations and requirements
- Recycle and/or compost all waste material possible
- Reduce the amount of waste material produced
- Consider the costs and benefits of environmentally preferable goods/ services as alternatives
- Specify, wherever possible and practicable, the use of environmentally friendly goods eg caterers are encouraged to source their produce locally
- Ensure that where appropriate, suppliers' environmental credentials are, as far as legally practicable, considered in the supplier evaluation process and that environmental criteria are used in the award of contracts
- Make use of recycling schemes to recycle toner cartridges and drums
- Purchase products made with recycled paper
- Purchase products with a lower environmental impact
- Encourage car sharing wherever possible for those who live outside the area

SteYning Festival will regularly review the Environmental Sustainability Policy and seek to reduce the Company's impact each and every year.
